BRUBECK

This is where it's happening, Baby. The Rhythm of Life - Number Seven in the Ten Top Religions. Time is running out on the big number called LIFE. And we are all coming to the last eight bars. And the leader man will soon take us by the hand where we will enter the flip side of life called Eternity - "The big coffee break in the sky." But before we pile into that big black bus ... we got to make our peace:

I shall not put my mother and father down.

I shall honor my debts, my grievances and my alimony.

I shall not falsify my name at the Unemployment Bureau.

I shall respect my obligations and report each month to the Police.

I shall not indulge in the evil marijuana weed commonly known as pot ... It is sinful ... It is harmful ... and it is very expensive.

(Sirens wail)

BRUBECK (CONT.)

And I suggest you dump the goods before the cops arrive.
